**SEQUENTIAL PRESENTATION**  
(Attachment B)

In a moment, I am going to show you a series of photos or individuals. The person who committed the crime may or may not be included. Even if you identify someone during this procedure, I will continue to show you all photos [individuals] in the series.

Keep in mind that things like hair styles, beards, and mustaches can be easily changed and that complexion colors may look slightly different in photographs.

You should not feel like you have to make an identification. This procedure is important to the investigation whether or not you identify someone.

The photos or individuals will be shown to you one at a time and are not in any particular order. Take as much time as you need to look at each one. After each photo or individual, I will ask you "Is this the person you saw [insert crime here] 'yes or no?" Take your time answering the question. If you answer "yes", I will then ask you, "Can you describe how sure you are?"

Because you are involved in an ongoing investigation, in order to prevent damaging the investigation, you should avoid discussing this identification procedure or its results.

Do you understand the way the lineup procedure will be conducted and the other instructions I have given you?

"I have read these instructions, or they have been read to me, and I understand the instructions. I am prepared to review the photographs [or individuals] which will be presented to me, and I will follow the instructions provided on this form."
